FINANCIAL AND COMMERCIAL.

THURSDAY, June 12-6 P. M. The proposed issue of \$150,000,000 more Treasury notes occupies public attention to the exclusion of every other topic. The people who were opposed to the first issue of government paper, on the old hackneyed grounds of objection to all irredeemable paper currencies, are still more indignant at this new proposal; but the public at large, so far as we can judge, will hail the passage of a supplementary act, authorizing a new issue of legal tender paper, with general satisfaction. Contrary to the predictions of the bullionists—the first issues of paper-viz: \$60,000,000 of demand notes, and \$90,000,000 of legal tender notes-have not caused a general advance in prices, and have not obliged the government to pay more for every-thing it has wanted, though they have imparted buoyancy to Wall street, and largely helped in raising governments to a premium of six per cent. There is no reason to believe that a further issue will have any different effect. There is not currency enough in the country—of the right kind—for the ordinary transaction of business. People everywhere will gladly exchange bank notes for government paper, and having once got the latter. they will refuse to receive anything else, with the exception of specie. Hence there is no reason to for any alarming advance in prices, or any material advance in the cost of living. In Wall street, the new issue, by increasing the already swollen volume of money, will cause the rate of interest to fall still further, and the price of government and dividend paying securities to adwance. It will facilitate any negotiations which Mr. Chase may feel impelled to make, and will afford the mercantile community excellent facilities for the resurrection of trade after the war. Further than this, it is unlikely that the new issue will be followed by any startling or important results.

The money market continues very easy. Money is offered freely at 3 per cent. Mercantile paper of the best grade sells at 4. Demand notes are wanted at 103, and offered at 1031/4. The 7.30 notes sell at 10614, besides interest; certificates of indebtedness 100½.

The foreign exchange brokers and bankers were

a good deal disturbed this morning by the an-nouncement of the new issue of legal tender paper, and exchange rose to 116 and gold to 105. Francs were held at 4.87%. There is no ground for any anxiety about this advance. Our dealers in foreign exchange and bullion are very easily scared, and sometimes jump to hasty conclusions. They got gold up to 105 before; but it didn't stay there long. It will be so now. From the present complexion of affairs, it is safe to predict that there will be quite as much gold and quite as many bills in market this summer as are wanted, and that neither will sell at exorbitant rates.

The stock market was buoyant to-day, and all descriptions were higher. Governments led off at the morning board with a decline of 1/4 on the registered sixes, % on the coupons, and ¼ on 7.30 notes. State stocks were not so strong, from some cause or other: Tennessees and Missouris each declined 1/4. The whole speculative list was higher. Pacific Mail rose ¼, Central ¼, Erie ¾, preferred ¼, Hudson ¼, Harlem ¼, preferred 1, Reading ¼, Michigan Central 1, Southern old ½, guaranteed 34, Panama 1, Illinois Central 36, Galena 36, Toledo 34, Rock Island 134, Prairie du Chien 1. After the board the market was still better, and for Central 5% was bid. At the second board sverybody seemed to have orders to buy stocks, and prices of all descriptions were still higher than in the morning. Coupon sixes rose to 107, Central ¼, Harlem preferred 1¼, Michigan Central ¼, Michigan Southern ¼, Rock Island ¼. The market closed firm, following being the last quotations:-United States 6's, registered, 1881, 104 a 104; do. 6's, oupon, 1881, 107 a 107; do. 5's, 1874, 97 a 971/4; Carolina 6's, 73½ a 74; Missouri 6's, 53½ a 53½; American gold, 105½ a 105½; Pacific Mail, 116½ American gold, 105½ a 105½; Pacific Mail, 116½ a 1161/4; New York Central, 937/4 a 94; Erie, 381/4 a 38½; do. preferred, 66¾ a 66½; Hudson River, 48 a 48½; Harlem, 17 a 17¾; do. preferred, 41½ a 42; Reading, 57¾ a 58; Michigan Central, 66¾ a 66½; Michigan Southern and Northern Indiana, 27% a 27%; do. guaranteed, 59% a 591/4; Panama. 137 a 1371/2; Illinois Central, 64% a 65; Galena 47 a 47%; Chicago and Rock Island, 66% a 67; Burlington and Quincy, 80 a 80; Milwaukee and Prairie du Chien, 291/2 a 30; New York Central 7's, 1875, 1071/2 a 108; Erie third mortgage bonds, 981/4 a 991/4; Michigan Central 8's, first mort-gage, 1061/4 a 1061/4; Illinois Central bonds, 7's, 96
